

Monira Islam

Summary

As a dedicated BSc Software Engineering student at Daffodil International University, I am equipped with a diverse skill set, including web development, digital marketing, and programming. Proficient in Bengali and English, I excel in data analysis, communication, and staying updated with emerging technologies. My experience includes 6 months of Facebook marketing with E24 and maintaining the WordPress website <https://e24.com.bd/>. I also create websites for affiliate marketing using WordPress.
